Dear 

I would like to thank you from the bottom of my heart for giving me the chance to receive a  for the 2016-2017 academic year at the University of Illinois. My name is  and I am a junior majoring in Advertising and minoring in Sociology and Spanish at the University of Illinois at Urbana-Champaign. It means the world to me to receive this generous scholarship and to know that you are helping to support my education.

Coming into college, I was that freshman student who had no idea what they wanted to do with their life. However, once I discovered the world of advertising through a freshman exploratory course, there was no turning back for me. I have made it my mission to exceed in my advertising coursework, as well as to gain as much experience in the field that I can. Some of the experiences that I have gained at UIUC include being a proud two-year member of our American Advertising Federation chapter, promoting the school to prospective students through my role as an Illinois Student Admissions Representative, and working for the Division of General Studies as a Media Intern handling all of their media communications. With all of these experiences on top of schoolwork, I am definitely one busy college student! It is even more comforting to receive this scholarship and know that on top of everything that I have to worry about, I can take a sigh of relief when it comes to paying for school.

I am so grateful for your support of my education and for this amazing scholarship. I plan on using it to continue to take advantage of all of the opportunities that the University of Illinois has to offer me. Heading into my junior year, I have never been more motivated to not only make myself and my family proud, but to also make you proud as well. Thank you for this opportunity and I am very honored to receive   Scholarship.

Sincerely,
