

## Obstetric Patient Safety: OB Emergencies Workshop

Despite efforts from many collaborating agencies and professional organizations, the maternal mortality rate in the United States continues to remain high. The new Obstetric Patient Safety (OPS): Obstetric Emergencies Workshop is designed to help nurses and providers identify, assess, and manage the care for women with specific obstetric emergencies such as hypertensive disorders of pregnancy, postpartum hemorrhage, and maternal sepsis. Nurses and providers working in the following departments: perinatal, emergency, medical-surgical, ICU, and critical access will find this course essential to caring for women presenting with obstetric emergencies.

### Simulation Learning

The engaging, live, hands-on Workshop provides for practice through simulation for nurses and providers to reduce the risk of maternal injury and death.

### Learning Outcomes:

- Demonstrate effective management for pregnant or postpartum women who present with hypertensive disorders of pregnancy.
- Demonstrate effective management for women who have excessive bleeding after giving birth.
- Demonstrate effective management for maternal sepsis.
- Role-play with a multidisciplinary team using simulation-based cognitive, behavioral, and technical learning strategies to practice management of postpartum hemorrhage.

### Participant Materials:

- The cost is \$50. After your payment is received and closer to the date of the Workshop, you will be provided a “coupon code” to access the participant materials.
  - Materials include the four online prerequisite modules, participant handouts, and Workshop resources. Nursing contact hours: 15.10 (0.25 pharmacy) Expires: May 31, 2023
- **NOTE:** Successful completion of the four online modules is required prior to attending the live portion of the Workshop. You **MUST** show a copy of the contact hour certificate as proof of completion to attend the live Workshop.

Workshop Date: Thursday, April 13, 2023

Workshop Time: 8a -430p

Location: Advocate Good Samaritan Hospital,  
3815 Highland Ave, Downers Grove, IL 60515

\*Room specifics will be sent closer to the class
