New courses for fall 2019:

EXPLORING ARTS AND CREATIVITY

FAA 110 62348 A 1:30-2:50pm M 40 Allen

High and street art, tradition and experimentation, the familiar and unfamiliar, international and American creativity provide this course's foundation. Students will attend performances and exhibitions, interact with artists, and examine core issues associated with the creative process in our increasingly complex global society.

Faculty from the arts, sciences, humanities, and other domains will lead students through visual arts, music, dance, and theatre experiences at Krannert Center and Krannert Art Museum to spark investigation and dialogue.

The class meets twice per week: once at Allen Hall and a second time to attend performances or exhibits at KCPA or Krannert Art Museum. Event dates will vary. Admission to all events will be provided without charge to students enrolled in the course.

3 hours credit. This course satisfies the General Education Criteria in Fall 2018 for: Humanities – Lit & Arts

Grand Challenge Learning courses:

Grand Challenge Learning was designed to rejuvenate general education and inspire new investment for students in the value of broad knowledge and engaged citizenship. Grand Challenge Learning covers topics of interest to students that defy single-discipline thinking and conveys the material in a way that encourages students to be more active learners.

All courses restricted to students with freshman and sophomore standing.

See front of schedule for courses, days and times.

GCL 126 IS taught at Lincoln Avenue Residence Hall

GCL 147, GCL 185 AND GCL 195 are taught at PAR or FAR

At Unit One/Allen Hall:

SUSTAINABLE EARTH

GCL 124 70850 B 11:00am-12:15pm TR 40 Allen

Provides an introduction to sustainability that explores how today's human societies can endure in the face of global change, ecosystem degradation, and limited resources. Emphasizes the fundamentals of the physical sciences and the scientific method while also exploring the special impact of sustainability challenges on minority cultures in the U.S.

Same as ESE 100. Prerequisite: This course is intended for first and second year students.

This course satisfies the General Education Criteria in Fall 2019 for:

Nat Sci & Tech - Phys Sciences
