STATEMENT OF SUPPORT

The Career Services and Student Employment staff acknowledges the pain and sadness that the Black community has experienced due to the senseless murders of Ahmaud Arbery, Breonna Williams, George Floyd, and countless others – and we grieve alongside all of you.

We condemn the systemic racism, police brutality, white supremacy, and all forms of racism that have significantly impacted the lives of our students as well as our faculty and staff colleagues.

We commit to the continued support of our students and alumni on their life and career journeys and to providing inclusive opportunities and services that promote success.

We will work to empower students and alumni to find ways to stand up for human and civil rights in their chosen occupations.

We resolve to better educate ourselves as higher education professionals working towards the shared goal of social justice, all through the lens of our values of service, diversity, education, connectedness, support and leadership.

UIC Career Services is moving to HANDSHAKE!

Later this summer, UIC will officially become a Handshake school! We are very excited to announce that we will be moving from UIC Careers to Handshake, which is the premier site for connecting students to a wide variety of employers and opportunities! Here are some things to know now:

1. You will be receiving information in the coming weeks about how to access and claim your Handshake account.
2. ALL STUDENTS will be able to access Handshake. Student Employment positions will be exclusively posted on Handshake for fall hiring starting in June.
3. If you have resumes and documents uploaded to your UIC Careers account that you don't have on file somewhere else, you might want to make sure that you have a back-up copy that you can upload to Handshake when we move to that system. *This is with the exception of students in College of Business, as they will continue to maintain accounts in UIC Careers on the request of the Business Career Center.*

Part Time Jobs and Internship Opportunities

Sidley Austin LLP

IT Intern

<http://www.Click2apply.net/rzrwq995h55rr6qn>

East Bank Storage

Associate

Email Job Scams

Over recent weeks, we have noticed an increase in fraudulent/scam job-related emails that are being sent to UIC students. Unfortunately, in difficult economic times, individuals will try to lure students who are eagerly looking for work. Often, these emails will have the following characteristics:

- Seem “too good to be true”.
- Are not written in professional language and seem very casual or have very casual greetings or closing words.
- Have very vague details or job descriptions.
- Ask you to contact individuals with a non-company email such as a Hotmail or Gmail address.
- Ask you to offer up money or bank account information on application.
- Look like they come from someone at UIC because they use a UIC email address (*FYI, all of the emails you receive from UIC Career Services come by way of UIC Careers/Symplicity until we move to Handshake in a few months!*)

If you have any questions about anything you receive, or it looks at all strange, don't ignore the red flags. Please forward it directly to us at careerservices@uic.edu and we can check it out! We are always here to help!

Healthy and Safe Working Environments

Please be sure when you are applying for open positions, it is important to ask about measures these organizations are taking to keep their employees safe during the COVID-19 crisis. Recommended questions are below. If you are unclear about your rights or benefits at work [please review this guide for navigating COVID-19 and employment in Illinois](#) presented by the UIC Center for Healthy Work. If you have questions about how to approach this subject with a potential employer please get in touch with the Career Services staff at careerservices@uic.edu. If you are concerned about your health and safety at work during COVID-19 please email healthywork@uic.edu.

Things to consider/ask:

1. What are the company policies for sick and family leave?
2. Are workers provided paid sick leave during the COVID-19 pandemic? How many days of paid sick leave are workers provided? How many days of unpaid leave are given?
3. What measures (i.e. social distancing) are in place to ensure workers' health and safety?
4. Are workers being provided personal protective equipment (PPE) at no cost to them while on the job?
5. How is the company limiting workers' exposure to COVID-19?
6. Have you had any positive cases of COVID-19? If so, what have you done to mitigate the spread of cases after the positive case was confirmed?
7. Are workers given hazard pay? How is hazard pay compensated? If workers are only able to get hazard pay for working overtime, will the company provide hazard pay until the pandemic ends?
