

Career Services Remote Newsletter

April 16, 2020

Hello UIC Students –

Happy Friday Eve! There are so many virtual career resources for UIC students to take advantage of right now, so check out the 8th installment of the new VIRTUAL CAREER SERVICES NEWSLETTER!

Virtual Career Events and Networking Opportunities

Virtual Health Professions Career Fair

The Office of Diversity, Equity, and Inclusion, Student Government Association, and Coalition for Occupational Therapy Advocates for Diversity (COTAD) Chapter at the MGH Institute of Health Professions (www.mghihp.edu) is sponsoring a Virtual Health Professions Career Fair on April 17th 5-6:30 EDT. We would like to invite UIC students to attend this panel with the hope that we may be able to establish a virtual mentoring program with them and also impart some knowledge about a variety of health professions.

This virtual career fair is open to all undergraduate students and anyone who is considering pursuing a career in nursing, occupational therapy, physician assistant studies, physical therapy, genetic counseling, and communication sciences and disorders. Students can RSVP for this event at <https://tinyurl.com/HealthProfessionsIHP>.

Please email dei@mghihp.edu if you have any questions or need accommodations.

Illinois Network of Charter Schools Virtual Career Fair

Now more than ever, hiring is becoming a challenge for people every day. The Illinois Network of Charter Schools has provided this form to submit your information. They will be collecting data and providing it to recruiters around the state of Illinois who are hiring for the 2020-2021 school year. If you have questions, reach out to Natalia Blanco at nblanco@incschools.org

Brooksource IT Virtual Career Information Events

Brooksource will be hosting a series of virtual events over the next couple of weeks to create a national collaborative platform during these uncertain times. With the virtual communication becoming our new norm, Brooksource was able to tap into their wonderful and diverse network, who are interested in sharing a bit about their stories and technical expertise.

The link below has been included so you can RSVP to each event that you are interested in attending. Events are free and you can attend as many as you like.
