

Academic Changes

Major Requirement: ARTD 451 (4 credit hours) replaces LA 270 (3 credit hours). LA 270 will likely not be offered in the future.

Major Requirement: UP 426 (4 credit hours). Students may take ARCH 273 (3 credit hours) in place of UP 426 due to limited availability of UP 426 in the foreseeable future.

Major Electives, elimination: ARTD 451 cannot serve as both a major elective and a major requirement and is therefore eliminated as a major elective.

Major Electives, additions: Students should elect these with approval of advisor. Advisors intend to approve no more than 6 hours of major electives at the 200-level (at least 10 hours should be at the 300 or 400-level).
